MISSION

We want to make transport easy and transparent for SMEs by beating the big fat WHALES in connecting the fragmented and non-transparent road freight market.

PROBLEM

High level of fragmentations and lack of transparency.

SOLUTION

A tech driven gateway which enables direct business between a network of shippers and carriers.

BUSINESS MODEL

We charge a small commission on each shipment which goes through our gateway.

ACHIEVEMENTS

±350 Carrier

±420 Shippers

±750k investment
